

GAURAKH

Aspiring Software Engineer

Sohna, Gurgaon, Haryana | +918930724269 | gparjapati097@gmail.com

CAREER SUMMARY

Enthusiastic software engineering student pursuing a Master's in Computer Applications with a strong foundation in Python and development principles. Experienced in building efficient applications with exposure to Machine Learning and web technologies. Skilled in problem-solving, debugging, and collaborative development. Eager to contribute to innovative and impactful software solutions.

WORK EXPERIENCE

Web Developer Intern - Octanet

June, 2024 - July, 2024

- Developed and managed a responsive website, ensuring data accuracy and enhancing user engagement.
- Engaged in project tracking, demonstrating strong organizational and analytical skills.
- Collaborated with team members to create reports and maintain documentation using Google Workspace and Microsoft Office tools.

RELEVANT PROJECTS

Web Development Project - Portfolio Website

- Created a professional, responsive website aligning with my professional brand and vision.
- Technologies: HTML, CSS, JavaScript.
- Delivered the project ahead of schedule, exceeding my expectations by enhancing accessibility and engagement.

Virtual Assistant Development | Python, NLP, pyttsx3, speech_recognition

- Developed a voice-controlled virtual assistant in Python for hands-free tasks.
- Utilized NLP algorithms to understand and process user queries effectively.
- Demonstrated problem-solving and innovative thinking in project execution

EDUCATION

Master of Computer Applications - K.R. Mangalam University

2023 - 2025 (Expected) | CGPA: 8.1

Bachelor of Computer Applications - Maharshi Dayanand University

2020 - 2023 | CGPA: 6.6

SKILLS

- **Programming Languages:** Python, JavaScript, C++
- **Web Development:** HTML, CSS, JavaScript, React, Node.js
- **Core Skills:** Debugging, Problem-Solving, Algorithm Design, Team Collaboration, Effective Communication
- **Software Development:** Algorithms, Data Structures, Object-Oriented Programming (OOP)
- **Tools & Technologies:** Git, GitHub, VS Code, Microsoft Office Suite
- **Operating Systems:** Windows, Linux
